Tech Skills

- HTML
- CSS
- MySQL
- Java
- Python
- C++
- C
- Data Structure in C
- Git
- GitHub

Education

BCA:

- **D.Y.PATIL UNIVERSITY (1st Year)**
- **Score: 8.73 CGPA**

12th Passed – Science:

- **BALWANTRAO YADAV JR. COLLEGE**
- **Score: 64.83%**

10th Passed:

- **BALWANTRAO YADAV SCHOOL**
- **Score: 88.40%**

Certifications

- **NPTEL** Certificate for The Joy of computing using Python
- **Eduskill** Certificate for Google AI-ML Virtual Internship
- **Eduskill** Certificate for Network Security Associated Virtual Internship
- HTML Certificate from **Spoken Tutorial**

Soft Skills

- **Teamwork**
- **Leadership**
- **Critical Thinking**
- **Self Confident**

Language

- **English**
- **Hindi**
- **Marathi**

Project

PlantCare AI: Plant Disease Detection Using Transfer Learning

- Role: Developer
- 1. Developed an AI-based system to detect plant diseases from leaf images.
- 2. Used transfer learning and deep learning models for accurate classification.
- 3. Performed image preprocessing and model training.
- 4. Technologies Used: Python, CNN, TensorFlow/Keras

Internship

- Frontend Developer by CodeAlpha – Virtual Internship (Using HTML, CSS and JavaScript)
- 1. Developed responsive web pages using HTML, CSS and JavaScript.
- 2. Built an image gallery with dynamic layout.
- 3. Designed and deployed a personal portfolio website.

Extracurricular Activities

- Participated in a college-level Hackathon and collaborated in a team to develop a technical solution within limited time.
- Attended WordCamp and gained exposure to web development trends, WordPress ecosystem, and industry practices
